COW DUNG POWDER

100% Natural | Organic | Eco-Friendly | Chemical-Free

Product Overview

Cow Dung Powder is a finely processed, sun-dried, and hygienically pulverized organic product made from pure desi cow dung. Widely used in organic farming, bio-fertilizer manufacturing, agarbatti making, religious rituals, composting, and eco-friendly applications.

Applications / Usage

Agriculture & Organic Farming

- Organic Manure
- Soil Fertility
- Vermicomposting
- Bio-Fertilizers

Industrial Applications

- Incense & Dhoop
- Bio-Compost
- Panchagavya

Religious & Traditional Use

- Havan & Pooja
- Cow Dung Diyas

Packaging Details

- 5 kg / 10 kg / 25 kg / 50 kg HDPE Bags
- Customized Packaging
- Private Labelling

Product Specifications

Product Name	Cow Dung Powder
Color	Natural Brown
Form	Fine Powder
Moisture Content	5% - 12%
Purity	100% Natural
Odor	Mild Natural
Shelf Life	12 Months
Processing	Sun Dried & Machine Pulverized
Grade	Agricultural / Industrial Grade

Quality Assurance

- ✓ Hygienically Processed
- ✓ Properly Sun-Dried
- ✓ Lab-Tested (if required)
- ✓ Bulk Supply Capability
- ✓ Consistent Particle Size

MOQ & Supply Capacity

Bulk Orders Accepted

BANANA POWDER

Natural | Nutrient-Rich | Fine Texture | Export Quality

Product Overview

Banana Powder is produced from carefully selected, fully matured bananas that are peeled, sliced, dehydrated, and finely pulverized under hygienic conditions. It retains the natural flavor, aroma, and nutritional value of fresh bananas. Our banana powder is widely used in the food industry, nutraceuticals, baby food formulations, bakery products, and beverage mixes. It is free from artificial colors, preservatives, and additives.

Key Features

- ✓ 100% Natural Banana Powder
- ✓ No Artificial Colors or Preservatives
- ✓ Rich in Potassium & Dietary Fiber
- ✓ Fine Mesh Powder
- ✓ Easy to Mix & Highly Soluble
- ✓ Long Shelf Life
- ✓ Suitable for Food & Industrial Applications

Nutraceutical & Health Products

- Dietary supplements
- Protein & energy drink blends
- Weight gain formulas

Household & Culinary Use

- Pancake & waffle mixes
- Natural sweetener alternative
- Thickening agent in recipes

Packaging Details

- 5 kg / 10 kg / 25 kg Food Grade Bags
- HDPE Bags with Inner Liner
- Private Labeling Available
- Customized Packaging as per Buyer Requirement
- Export Worthy Sealed Packaging

Product Specifications

Product Name	Banana Powder
Botanical Name	Musa spp.
Color	Light Cream to Yellow
Form	Fine Powder
Taste	Naturally Sweet
Mesh Size	≤ 5%
Mesh Size	80 - 100 Mesh (Customizable)
Additives	None
Shelf Life	12 - 18 Months
Packaging	Food Grade

Quality Assurance

- ✓ Manufactured under hygienic conditions
- ✓ FSSAI compliant (if applicable)
- ✓ Lab-tested for quality & safety
- ✓ Strict moisture & microbial control
- ✓ Bulk supply capability

MOQ & Supply Capacity

- ✓ Minimum Order Quantity: Customizable
- ✓ Bulk Orders Accepted
- ✓ Global Export Support Available

GARLIC POWDER

Pure | Aromatic | High Allicin Content | Export Quality

Product Overview

Garlic Powder is produced from premium-quality fresh garlic bulbs that are cleaned, peeled, dehydrated, and finely pulverized under hygienic conditions. It retains the natural pungency, flavor, and aroma of fresh garlic while offering extended shelf life and convenience.

Our garlic powder is widely used in the food processing industry, spice blends, ready-to-eat products, seasonings, sauces, and nutraceutical applications.

JAGGERY

Jaggery / Jaggery Powder / Jaggery Cubes

Natural Sweetener | Chemical-Free | Unrefined | Export Quality

PRODUCT OVERVIEW

Jaggery is a traditional, unrefined natural sweetener produced from concentrated sugarcane juice without the use of chemicals or refining agents. It retains natural minerals, iron, and nutrients, making it a healthier alternative to refined sugar.

We offer Jaggery in three forms – Solid Blocks, Powder, and Cubes – suitable for food processing, retail, industrial, and export applications.

AVAILABLE VARIANTS

1 Jaggery (Solid Blocks)

- Traditional molded jaggery blocks made from pure sugarcane juice.

2 Jaggery Powder

- Finely granulated jaggery ideal for easy mixing in beverages and food products.

3 Jaggery Cubes

- Uniform bite-sized cube suitable for retail packing and direct consumption.

KEY FEATURES

- 100% Natural & Unrefined
- Chemical-Free Processing
- No Artificial Colors or Additives
- Rich in Iron & Natural Minerals
- Sweet Caramel-Like Flavor
- Long Shelf Life
- Suitable for Food & Industrial Use
- Export Grade Quality

APPLICATIONS / USAGE

Food & Beverage Industry

- Sweetener in tea & coffee
- Bakery products
- Confectionery
- Traditional sweets
- Syrups & beverages
